

## Project Overview

As of May 1, 2013

Current conditions on North High St.

## North High Street - Northwoods Boulevard to the Delaware County Line

**Description and Benefits:** Project will widen High Street from five to seven lanes (three lanes each direction plus center turn lane), improve drainage, add a sidewalk on the west side and a multi-use trail on the east side, both with *Americans with Disabilities Act*-compliant curb ramps. The finished work will improve drainage, decrease congestion and provide pedestrian and bicycle facilities. Construction will be handled by the Ohio Department of Transportation as part of its North Central Outerbelt project.

### Schedule:

Tentative construction start – September 2013 (ODOT Dependent)

### Status:

Design is complete, right-of-way was completed in December 2012.

### Costs:

Design, right-of-way acquisition and utilities relocation	\$ 3,577,000
Construction and inspections	\$ 5 million

### Contact Information:

Project Manager for Design: Carl Walters, P.E., tel. (614) 645-7858

Designer: Barr and Prevost

Contractor: TBD.
